[Spring 2010 Hot Nail Polish Colors and Manicure Trends](#)

Spring is a time of new life and color blossoming all around. The trends for Spring 2010 hot nail polish colors have been announced. You can spruce up your spring manicures and pedicures with these hot nail polish color trends. No matter if you like light nail polish colors or dark nail polish colors, you'll be sure to find a Spring 2010 nail polish color trend to love.

Bold and beautiful is the name of the game for the hottest nail polish colors and trends for Spring 2010. Rich hues are taking the stage, with many of the nail polish color trends for this spring settling on the darker side. Pinks, purples, oranges, greens, and burgundy wines are all hot nail polish colors for Spring 2010.

SpaRitual nail lacquer released the Believe Collection in February 2010, featuring an attractive display of colors including purple, bright pink shimmer, and soft lavender (**See our contest below!**). The inspiration behind SpaRitual's Believe Spring 2010 Collection came from "leafy greens, juicy pomegranate, and vibrant eggplant." The Believe Spring 2010 Collection by SpaRitual comprises six hot nail polish colors in green, orange, pink, purple (light and dark), and pomegranate (burgundy wine color).

In a similar vein, the new feminine Spring 2010 nail polish collection from ORLY takes its inspiration from the garden and colors of Mother Nature. [Easter Hairstyles for All Ages](#)

Once you've decided what to wear, be sure to complete your look with a fantastic Easter hairstyle. You can go casual or elegant, simple or quite complex, but the important thing is that you put some thought into how your hair looks on this lovely spring holiday. Easter hairstyles can be similar or very different across age groups, so consider these tips to help you choose an Easter ?do that works for you.

When considering various Easter hairstyles, also keep in mind what you'll be doing for the day. Reservations at a fancy, upscale restaurant for Easter dinner may require quite a different hairstyle than an Easter picnic lunch outside in the sunshine. If you are celebrating Easter at home, your hairdo can probably be on the casual end of things while Easter dinner out of the house may be a nice excuse for a special holiday hairdo.

Celebrating the marriage of your grandchild to his or her beloved is an extremely special event. Consider visiting a hair salon or your favorite stylist to help you select the perfect grandmother of the bride or groom hairstyle for the wedding day. If you are comfortable styling your own hair, go for it. Keep your usual style in mind but think dressier and more polished for a beautiful grandmother wedding hairdo.

Top Beauty Pick: [Aubrey Organics](#)

By Curry Matalucci

This month I've taken a trip down memory lane. March is a very busy month for my family. In addition to everyday life, between my family and my husband's family, we have roughly a dozen birthdays to celebrate. It's hectic, but lovely to spend time with people we care about. Time is precious, so building memories is important. In the midst of our celebrating, we've also been compiling genealogy information. I was presented with a group of products from Aubrey Organics, Inc., and was immediately taken with a surprising correlation; Aubrey is my Great Grandfather's name. Now, I'm sure there is no relation, but it brings a pleasant, familiar feeling. So in the spirit of the occasion, the research began.

Now, my opinion on the products I tried?. My favorite by far is the [Honeysuckle CoQ10 Replenishing Moisturizing Lotion](#). Partly for sentimental reasons, Honeysuckle is one of my favorite fragrances. It instantly reminds me of my Grandmother and sunshine. It never fails to make me smile. The lotion itself is lightweight and non greasy, yet lasts all day. It hydrates and seals in moisture with a noticeable, but subtle fragrance that also lasts. It soothes and smoothes dry skin. In addition to hydrating the skin, coQ10 provides the benefits of powerful antioxidants by supporting cell growth helping to reduce the signs of aging. My husband tried it after shaving a particularly rough beard. It noticeably reduced the redness in only a few minutes....
